

ATTACHMENT 5: UTC PROJECT INFORMATION SHEET

UTC Project Information – Project #	
Project Title	Electric Vehicle Infrastructure Equity
University	University of Connecticut
Principal Investigator	Jin Zhu
PI Contact Information	jzhu@uconn.edu
Co-PI(s)	
Co-PI Contact Information	
Funding Source(s) and Amounts Provided (by each agency or organization)	\$40,357.77 from federal support \$40,360.45 from cost share
Total Project Cost	\$80,718.22
Agency ID or Contract Number	
Start and End Dates	8/1/23-7/31/24
Brief Description of Research Project	The availability and distribution of EV charging infrastructure poses an equality challenge and has the potential to widen the disparities and elicit discrimination across specific communities (e.g., low-income communities, minorities, disabled people). The proposed study aims at creating a better understanding of the equity issues related to EV infrastructure.
Describe Implementation of Research Outcomes (or why not implemented)	This project is in its initial research phase. Implementation of research outcomes will be reported upon completion of the research outputs.
